Wellness Program Benefits for Junior Pets

"Every pet benefits from consistent comprehensive care"

What are Wellness Programs and how are they designed?

- Wellness programs are bundled preventative services making high quality veterinary care affordable.
- Wellness programs are designed for early diagnose and treatment of medical problems before they become severe.
- Plans are based upon recommendations from world respected veterinary, research, government organizations and universities.

What types of services do Wellness Programs include?

- Programs have a strong emphasis on preventative care such as vaccinations, fecal and blood testing and dewormings.
- Sterilization and dental care is emphasized with a spay or neuter for young pets and a dental cleaning for adult pets.
- Plans include diagnostic services such as radiographs, ECGs, eye pressures and a whole lot more.

Are Wellness Programs affordable and will they save money on pet care?

- Bundling services in a large group allows us to negotiate lower costs passing the savings on to our clients.
- Programs have a minimum 40% discount over individual services allowing the highest quality veterinary care at a discounted rate.
- Programs can be paid in affordable monthly payments or programs paid in full receive an additional \$15 discount.
- Programs include an additional 5% to 15% discount on hospital services outside the program providing substantial additional savings.
- Free unlimited office calls during regular office hours provides peace of mind and saves money.

Wellness Programs are a win for all - great care for your pet, savings for you and a happy pet and client for us!

STERILIZATION: We recommend that your pet is sterilized before the age of 6 months. Additional surgical fees may be applicable if your pet is over 6 months of age, if your cat is over 15 lbs or if your dog is over 50 lbs at the time of surgery. Blood testing is performed at the time of the procedure to ensure that your pet is healthy enough to undergo the procedure and anesthesia. Blood abnormalities may require postponing the procedure. You will be responsible for the cost of any additional blood panels outside the program needed to ensure that blood abnormalities have been resolved.

PLAN CANCELLATION: All wellness program services are sold as a bundle at steep discounts under annual contract divided into payments. Wellness programs can be cancelled at any time. If a program is cancelled before the end of its term for any reason you are responsible for any remaining payments or the full retail value of services and discounts provided to you under the plan, whichever is less.
